

Local Author Collection:

The Cheshire Public Library aims to showcase and support the many authors and artists that belong to our community. We encourage authors to submit their works to our Local Author Collection.

Procedure:

1. Author must be a resident of Cheshire.
2. The Library will accept one donated copy of each item.
3. Authors may donate one item per year.
4. The Library will not purchase items for the Local Author Collection.
5. The Library will only accept print bound books and audiobook CDs for this collection, and will not accept pamphlets, spiral bound material, textbooks, or workbooks.
6. Music CDs will be accepted but must be packaged in a jewel case or digipak.
7. Items must have been released in the last three years.
8. The Library reserves the right to exclude any work from the collection based on selection criteria listed in the materials selection policy.
9. Materials approved for the local author collection will be designated with a sticker that says "Local Author" and will be searchable in the library catalog.
10. Submitted materials become library property and subject to the library's weeding policy.
11. Materials submitted to the library may be removed for any reason, at any time.
